Subject: RE: [External] Duke rate increase

Dear Ms. Judy Pandolfi,

This is to acknowledge receipt of your Letter of Protest/Comments to the Public Service Commission of South Carolina. Your Letter of Protest/Comments will be placed in the Protest File of the Docket listed below and on the Commission's Website at www.psc.sc.gov.

- Docket No. 2018-319-E - Application of Duke Energy Carolinas, LLC for Adjustments in Electric Rate Schedules and Tariffs and Request for an Accounting Order

A Protestant is an individual objecting on the ground of private or public interest to the approval of an Application, Petition, Motion or other matters which the Commission may have under consideration. A Protestant may offer sworn testimony but cannot cross-examine witnesses offered by other parties.

According to the Commission's Rules of Practice and Procedure, filing a Protest does not make you a Party of Record. A Protestant desiring to become an Intervenor (i.e., a Party of Record) in a proceeding before the Commission may file a Petition for Intervention within the time prescribed by the Commission.

You can follow this Docket and other daily filings made at the Commission by subscribing to the Commission's Email Subscriptions at this link: <https://dms.psc.sc.gov/Web/Email>; or you can follow the individual Docket at the link listed below:

Docket No. 2018-319-E - Application of Duke Energy Carolinas, LLC for Adjustments in Electric Rate Schedules and Tariffs and Request for an Accounting Order - <https://dms.psc.sc.gov/Web/Dockets/Detail/116872>

If we may be of further assistance to you, please do not hesitate to contact us.

Sincerely,

Becky Latimer

Subject: [External] Duke rate increase

I urge you to DENY Duke Power's request to increase their rates and *any* increase in the base facilities fee. Executive salaries and shareholder returns are the driving force of these requests and there is no reason the rate payers should shoulder the mis-management of the company. If management ran their company in a more efficient manner, as other companies (and indeed, individuals) must do if they wish to see decent profits, it would become evident that with the current rates, an adjustment of management tactics would bring profitability without an increase.

Since we are forced to use that particular energy company (personally i would love to switch to Laurens Electric!), the rate payers voices need to be considered. Unless you seriously don't care about the citizens and are just "in the network" too.
